WELDED PROCESS PIPES

Manufactured in accordance with international standards. These products are produced from cold rolls stainless steel coils.

CRA LINE PIPE

In accordance with API 5 LC, corrosion resistance pipes are highly used due to its cost efficiency onshore and offshore for transporting crude oil, petroleum products, natural gas and water. ASP specializes in producing welded CRA inner pipes in all grades, mainly with nickel alloys 625, 600, 825, 800, 400, copper alloys and titanium.

BUTT WELDED FITTINGS & FLANGES

Butt weld fittings are manufactured from either tubes, sheets or strip depending on product and dimension.

ORNAMENTAL DECORATIVE TUBES

Stainless steel tubes of hollow tube, round, square or rectangular in shape.

The First Stainless Steel Welded Mill in The Middle East

Armetal Stainless Pipe is a Saudi manufacturer specializing in the manufacture of Stainless Steel & CRA welded pipes.

Established in 2008 to become the first and the only facility engaged in manufacturing specific range of Stainless Steel and Non Ferrous Welded Pipes in the GCC and the Middle East Region.

ASP production range covers from 1/2" to 8" in different grades and wall thickness using a state-of-the-art production

line with latest European – Japanese machinery and technology.

In addition, ASP offers a wider range of complementary stainless steel products, as used predominantly in the Oil & Gas, Petrochemical, Desalination, waste water treatment, and construction sectors. ASP success is dependent on total customer satisfaction from R&D to Delivery. The Company recruits highly skilled professional people to produce high pipes and continuous technical service & support for customers.
