Pipe & Coating Mill

Complete & customised
steel solutions

Meet the world's leading steel and mining company

Steel is as relevant as ever to the future success of our world. As one of the few materials to be completely reusable and recyclable, it will play a critical role in building the circular economy of the future.

At ArcelorMittal, our goal is to help build a better world with smarter steels. Steels made using innovative processes which are more efficient, use less energy, and emit significantly less carbon. Steels that are cleaner, stronger and reusable.

PROJECTS MIDDLE EAST

ArcelorMittal Projects Middle East is part of the group and operates as a global one-stop-shop for complete, customised and sustainable steel solutions. At Projects, regional presence and knowledge are combined with worldwide sources and skills. We believe that our customers benefit from long-term partnerships, the driving force of our business.

We are highly dedicated to our customers. Whether you are a project owner, decision-maker or contractor, our experts have the necessary technical expertise and quality-driven mindset to deliver value-added solutions to every project.

THE COMPETITIVE EDGE

At Projects Middle East, we believe in providing our customers with the most cost-effective solutions of the highest quality. We also take care of the logistics, on-site assistance and ensure just-in-time deliveries.

Our products are backed with technical expertise and are compliant with International Standards.

We offer a range of Products and Services to the following Applications.

Water

- Distribution and transmission lines (Coated)
- Potable drinking water requirements
- Seawater make-up systems (seawater intake, seawater out falls)

Structural

- Piling pipe foundation for high rise buildings, bridges, piers.
- Well casing
- Structural columns

Industrial

- Mining pipe (tailings)
- Dredging pipe and pontoons
- Cooling water lines
- Compressed air lines & air ducts
- Drainage pipes
- Smoke stacks

Oil & Gas

- Offshore and onshore pipelines
- Submarine pipelines
- Structural pipes for offshore drill rigs, conductors etc.

Services & Processing

Our world class Pipe & Coating Mill

The state-of-the-art Pipe & Coating Mill enables Projects Middle East to produce and process high-quality HSAW/ SSAW pipes for the Middle East and neighbouring countries. This helps us to serve our customers in an even more efficient and flexible way and to provide the most cost-effective solutions.

The Projects Middle East Pipe Mill is strategically located in Sharjah, United Arab Emirates, with the port less than 2 km away. The location makes it possible to import raw materials and to export finished goods in a cost-effective manner, and takes away all logistical challenges.

Our products are backed with the technical expertise of highly qualified people with an average experience of more than 15 years in HSAW/SSAW Pipe Manufacturing and Anti-Corrosion Coating. Our products are compliant with International Standards.

PIPE MILL: MANUFACTURING CAPABILITIES

Range: 16"O to 100"O

Material Thickness: 6mm to 25.4mm

Length: 6m to 36m

Grade: max API 5L X80

Capacity: 150,000 Tons per Annum

ANTI-CORROSION PIPE COATING SYSTEMS

Range: 3"O to 100"O

Capacity: 1,500,000 sq. m per annum

Length: max 18m

External Coating

- 3 Layer Polyethylene (3LPE)
- 3 Layer Polypropylene (3LPP)
- 2 Layer Fusion Bonded Epoxy (2LFBE)
- Concrete Weight Coating (CWC) - Impingement system

Internal Coating

- Internal Liquid Epoxy - Solvent Free

Material Prequalification Approval Certificate
with Approval Reference No.: [WA/10099/MQ/2021 \(Revised\)](#)
For The Manufacturer
ARCELORMITTAL DSTC FZE

Material Details:

SL. NO.	PRODUCT DESCRIPTION / RATING	TYPE / MODEL	PLANT LOCATION CITY & COUNTRY OF ORIGIN	SUPPLIER
1	Carbon Steel Pipes	DN 400 - DN 2400 MM	Hamriyah Free Zone, Sharjah, United Arab Emirates	Arcelormittal Projects LLC (Vendor Reg. No. 102507)

This certification is issued on **14 October 2021**, as per ETIHAD WE Procedures & Guidelines for Material / Equipment Pre-Qualification ver. 1.0 of 2015 and will expire on **13 October 2024**.

REMARKS:

- Quantity shall be defined during engineering design stage of contract by ETIHAD WE. Moreover, further approvals will be based on satisfactory service performance of the material / equipment in ETIHAD WE network.
- Detailed Technical evaluation of each type and model is subject to detailed review and approval during engineering design stage of contracts to ensure compliance with ETIHAD WE project specification and requirements.
- ETIHAD WE will be reevaluating the material performance at any time it deemed necessary. This certificate will become invalid and will be cancelled if the performance is found unsatisfactory. The same shall be communicated to the manufacturer / supplier.
- ETIHAD WE has all the right to accept or reject any offer and may take small quantity for trial or ask the vendor to renew the type test etc.
- Manufacturer / Supplier should contact ETIHAD WE Purchase Dept. three (3) months prior to the expiry date of this certificate, for renewal process.
- ETIHAD WE ensures the accuracy of the details in this certificate until the date of issuance listed above only and does not assume any responsibility under this certificate in the event of any change in the approval details & status after the issuance of this certificate. This certificate shall be deemed invalid on the expiry date mentioned above.
- This certificate must be validated by visiting ETIHAD WE website and enter the Approval Reference Number or by contacting PCS Dept. through email to purchase.store@etihadwe.ae to confirm the validity of this certificate. ETIHAD WE does not assume any responsibility in case of using this certificate without validation. Moreover, misuse or misrepresentation of this certificate is not ETIHAD WE's responsibility. Any correction or alteration will render this certificate null and void.
